

Krishna Velvet

Quality Is Not Expensive...It's Priceless

GSIN : 24AFVPP7193M1ZE

Overview:

Krishna Velvet is situated in Surat renowned as a textile hub and fabric production center in close proximity to Gujarat, India. Our company specializes in the production of a wide range of upholstery fabrics suitable for various applications, including Fur Fabric, velvet fabric, suede fabric, leather-look fabric, and outdoor fabric for curtains, windows, sofas, couches, chairs, bed sheets, pillows, cushions, Heating pad fabric, Automobile Seat and pillow cover fabric. We offer special treatments such as waterproofing, dustproofing and flame retardant coatings to meet the requirements of high-end and engineering fields.

Capabilities :

With our in-house bonding workshop and weaving workshop, Krishna Velvet ensures fast delivery, competitive factory pricing, and customization tailored to your designs. Our independent indoor fabric testing room equipped with advanced testing machines, including an artindale abrasion tester, auto color crocking testing machine, vertical tensile tester, and pilling test machine, guarantees quality assurance. Additionally, we conduct 2-3 times defect inspection during mass production to uphold our commitment to quality excellence.

Philosophy:

At Krishna Velvet, we adhere to the philosophy of "Happy, Share, Quality, Innovation," which has earned us a stellar reputation among our customers. We warmly welcome customers from across the globe to establish mutually beneficial business relationships and achieve shared success.

All Types Of Velvet Manufacturing
